- Complete new mini course every 3 months thereafter
- Create simple application every 3 months using weakest programming language

Self Care

- I will exercise minimum twice a week, either with running or yoga.
- I will attend either a CouchSurfing meetup group, or go to a quiz, every week.
- I will be sure to spend time with my friends and girlfriend multiple times a week.

Motivation

- I will be out of bed by 9am every day, unless I have been at work until past midnight, in which case I will be out of bed within 8.5 hours of getting home.
- I will be aware of what work, and what leisurely activities, I shall be doing the evening before I do it, and prepare accordingly.
- I will spend 5-20 minutes every day sorting through emails and replying as necessary.
- I will organise meetings once a week, with this career in mind.
- I will study for 20 hours minimum every week.
